DUTCH BUILT 50

# Dominate the seas

STRATOS • DOMINATE THE SEAS •

50 years of nautical expertise masterfully melted into a new-born with supreme performance and exceptional styling.

Our vision was crystal clear: to create a vessel with an outstanding seaworthy performance. Stratos cuts through waves with ease in the most demanding sea conditions, daring you to reach new limits. Expand your horizons and dominate the seas with Stratos.

STRATOS • DOMINATE THE SEAS •

Stratos can be described as *the* unrivalled SUV at sea: ready to tackle the toughest conditions with ultimate ease while offering maximum utility and style like no other.

Successfully pushing the boundaries of performance and style, Stratos provides incomparable capability even in the harshest climates.

## *Welcome to above and beyond*

Sleek yet sporty, robust yet luxorious, these unique elements form the core components of Stratos' DNA, making the DUTCH BUILT 50 above and beyond the best-in-class.

Your adventure starts here.

STRATOS DUTCH BUILT

## Helm station

**Forward-leaning pilot windows**

Not only providing perfect 360° panoramic views, the forward-leaning pilot windows are specially engineered to be as well-suited to rough weather conditions as they are for sunny atmospheres thanks to their light-refracting properties.

**Navigation center**

Featuring two 16" Garmin displays, a clean and simple dashboard ensures high functionality and accessibility, allowing you to easily operate all controls whithin reach.

*Go anywhere, anytime in any weather condition.*

**Custom designed pilot seats**

Rare for a yacht of this caliber, Stratos has three* custom-designed pilot seats enabling you to share the thrill of cruising with your guests.

Premium and functionality go hand in hand, ensuring supreme comfort. This is made possible by carbon shells equipped with ergonomically designed padding and shock absorption, enabling you to fully enjoy life at sea in any weather condition.

* Optional four seats

Designed for all-weather cruising, Stratos is the ultimate platform for the adventurous at heart. No adventure is off limits with Stratos, thanks to its superior technical features.

Stratos' extremely large tank capacity ensures you to transform your bold ambitions at sea into reality, while its deep-v hull enables it to effortlessly cut through any wave. For unrivaled convenience, so you can enjoy every moment on the water, the flared bow guarantees the deck remains dry at all times.

As standard, each Stratos yacht is equipped with high-performing Volvo D6 IPS 650 engines, but to ramp up the adrenalin dial and reach even higher speeds in the utmost comfort, Volvo D8 IPS 800 engines can be fitted. Providing excellent maneuverability and top speeds of up to 36 knots, the vessel rises beyond the best-in-class, and your imagination becomes the only limit.

*Your imagination becomes the only limit.*

## Swimming platform

The optional semi-submersible hydraulic swimming platform allows guests to swim into the inviting seas or launch a tender with ease.

## Swimming platform

Your own private waterside beach club.

STRATOS DUTCH BUILT 50

## Sound system

At Stratos, only the finest sounds will fit our needs. Each Stratos yacht comes standardly fitted with a state-of-the-art JL audio system featuring marine amplifiers, delivering excellent audio quality, every time.

*The best is never optional.*

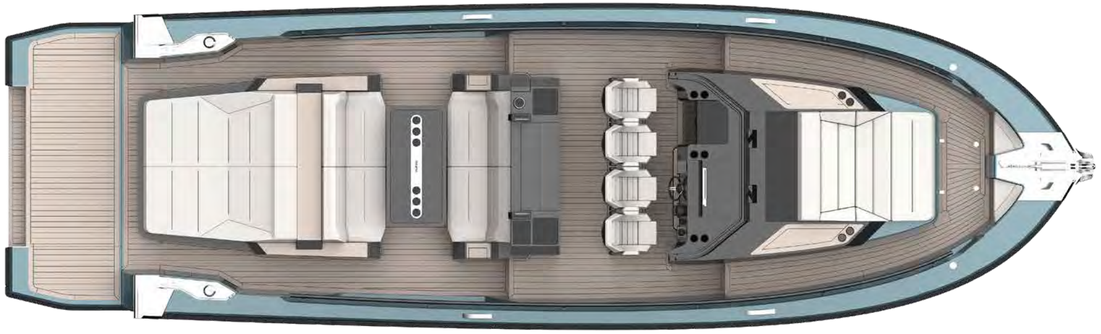
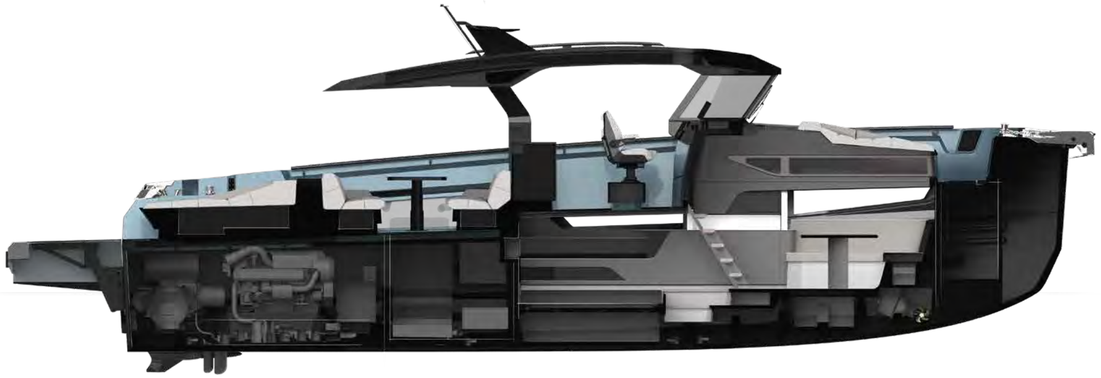
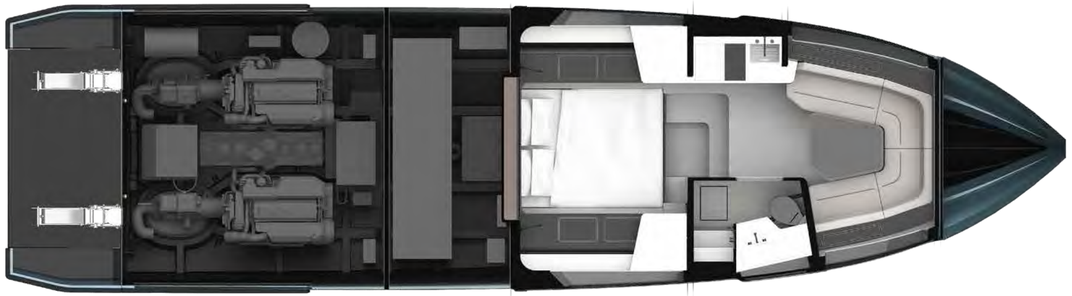
STRATOS







Stratos DUTCH BUILT 50 has been designed at CE-category A, which is reflected in the choice of materials, thicknesses (40mm bottom hull / 40mm side hull), solid construction and building methods.

The strong solid built hull and deck are constructed using high quality vinylester resin, glass fibre and PVC core material as a state of the art composite.

Parts such as the hardtop, dashboard, handrail and partial superstructure are made of high end superstructure carbon fibre with epoxy resin.
